

BIFACE 185

BIFACE 185

Topping-up chain

- Points all sorts of posts (round or split) and all sorts of woods (chestnut, blackwood, oak, pine...) up to 185 mm in diameter.
- Quick pointing process and 2 sides in one single pass and in the approach direction thanks to the 2 sharpened blades made out of hard-wearing steel.
- Driven by a 10.2 HP three-phase electric motor.
- Unique mechanical design allowing quick movements (output of 500 posts per hour).
- Automatic blade start.
- Mechanical adjustment of the pointing angle (length) and of the final point section according to the post diameter
- Safety of the blades supports.
- Possibility to insert the BIFACE 185 to an automatic pointing line.

Technical characteristics

MODEL	BIFACE 185 mechanical
<i>Ø Max. post diameter</i>	185 mm
<i>Knives triggering</i>	Automatic with the post
<i>Pointing</i>	2 sides
<i>Drive</i>	Three-phased electric 7,5 kW / 10.2 HP
<i>Dimensions without hydraulic unit (L x W x H)</i>	2,30 x 0,98 x 1,32 m
<i>Weight</i>	895 kg

— Standard equipment —

- Welded frame.
- Post holder.
- 2 knives in high resistance steel.

Mechanical design of the make-up system

Mechanical adjustment of the pointing angle and of the final point section
