

**CA\***

Version with winch

**CA radio\*\***

Version with remote controlled winch

**PRO 13**

**PRO 22 BIG**

**PRO 19 BIG SB ROAD**

**PRO 22 BIG**

QUICK-RELEASE LOWERING CYLINDER

INCLINED WEDGE WITH HIGH PENETRATION

CHAINSAW HOLDER

H-SHAPED ANTI-DEFORMATION STRUCTURE

ADJUSTABLE 3-POINT LINKAGE

POSSIBILITY OF ADJUSTING THE SPLITTING STROKE

LATERAL LOG LIFTER

ANTI-DEFORMATION PLATFORM

Pro line is Balfor's range of high-performance log splitters. Thanks to first-class components and high power and speed, the log splitters in this series offer unbeatable value for money. The structure on a non-deformable beam, separate tank, side log loader (only for tractor versions) Domex steel inclined wedge, make it an ideal tool for professionals. The CA versions have a log puller winch as standard, which has a towing capacity of 1 tonne. The winch, which has a 13-metre cable, has an automatic unwinding device that allows it to be used quickly and conveniently by a single operator. Enriching the machine's equipment are the axe holder, chainsaw holder, adjustable linkages for tractor, large base frame with sloping edges, high right handle and movable left handle mounted on bearings, and steel-mesh coated.
